which areas were most likely to be hit.

# The Blitz

The Blitz lasted  
for 11 weeks  
and I was in my room  
I saw the German  
Luftwaffe I thought  
it was brilliant but  
not for long I saw  
a bomb coming down  
on to my house I  
ran out of the  
house! At night  
we shut all the  
curtains and turn  
off all the lights  
this is called  
the black out we  
do this so the German  
cannot see.

This is fantastic  
Euan I am super  
impressed
