Holiday Activities with Healthy Food 'One A Day'

The Harehope Quarry Project and Frosterley Village Hall have been funded through Durham County Council's Holiday Activities with Healthy Food fund to provide food and enriching activities during the Whitsun school holiday. This project was planned for the Easter holidays and has been adapted for the current circumstances.

The One a Day project will provide children from Frosterley Primary School and Stanhope Barrington CofE Primary School, with a **Free** packed lunch and a hands-on activity to do at home each day from Tuesday 26 May to Friday 29 May 2020. The bags will be delivered to individual households by 12 noon each day.

To arrange for this support please email info@harehopequarry.org.uk or ring **07807 002032**. You will need to provide us with your address, a contact telephone number, the number of children in your household and any special dietary requirements. To help us with our planning we would be grateful if you could contact us by Thursday 21 May 2020.

We gratefully acknowledge the additional support from the Lakes and Dales Co-operative towards this project.
