

L.O. How does God feel about His wonderful creation?

Christians believe God created this universe,  
That He created humans, unique and diverse.  
All of the things that brought Him joy,  
Including two humans, a girl and a boy.

We cheer each other up, when we are sad,  
Forgive us when we're naughty, angry or bad.  
Right now, God might feel really proud,  
Of all the new creations we have found.

The bike, the train, that's just a few,  
New continents and countries, there's another two.  
The NHS, we all "thank you",  
You've saved us all, old and new.

Lots of people are amazingly kind,  
If God looked down He would find,  
Us risking our lives to save others,  
And they're not family, like sisters or brothers.

How we care so much about the environment,  
And each other, the letters we have sent.  
All the things he wanted when He created this universe,  
Why He created us unique and diverse.
