Dear Parent/Carer

13th November 2020

Re: Technology Survey

We are currently writing a Remote Learning Plan which will detail what parents can expect from our school in terms of delivery of education in the event of a bubble having to close or in the event of a whole school closure. Please note that all schools have been asked to do this and the fact that we are doing it in no way suggests we anticipate any such closures.

To help us to identify the best methods and learning platforms to use to deliver remote learning it would be really helpful if you could complete and return the attached form.

In order to prepare the children for remote learning we are also considering moving our homework provision to an online system. In this way, if we do need to implement a Remote Learning Plan, the children (and staff) will be used to the format and the way they work will be a little more 'normal' in terms of what they are used to.

In addition, we are considering moving to an on-line payment system such as Parent Pay or similar. We have considered this in the past however a significant number of our parents did not have the technology or devices to use an on-line payment system. It would be a logistical headache to run two different systems in school and therefore I am also asking you to confirm whether you would be prepared to and have the technology to move to this form of payment in the near future.

Could you please return the form to me (in the box at the main gate) by Monday 23rd November 2020. Once we have all of the relevant information I will send out details of the Remote Learning Plan and will also send out further details about on-line payment systems.

Yours sincerely

Mrs D Cross
Acting Head Teacher
