Class 2

# History

This week we have been investigating the 1960's. We have made fact files on the first Moon landing.

Archie collected lots of interesting facts.

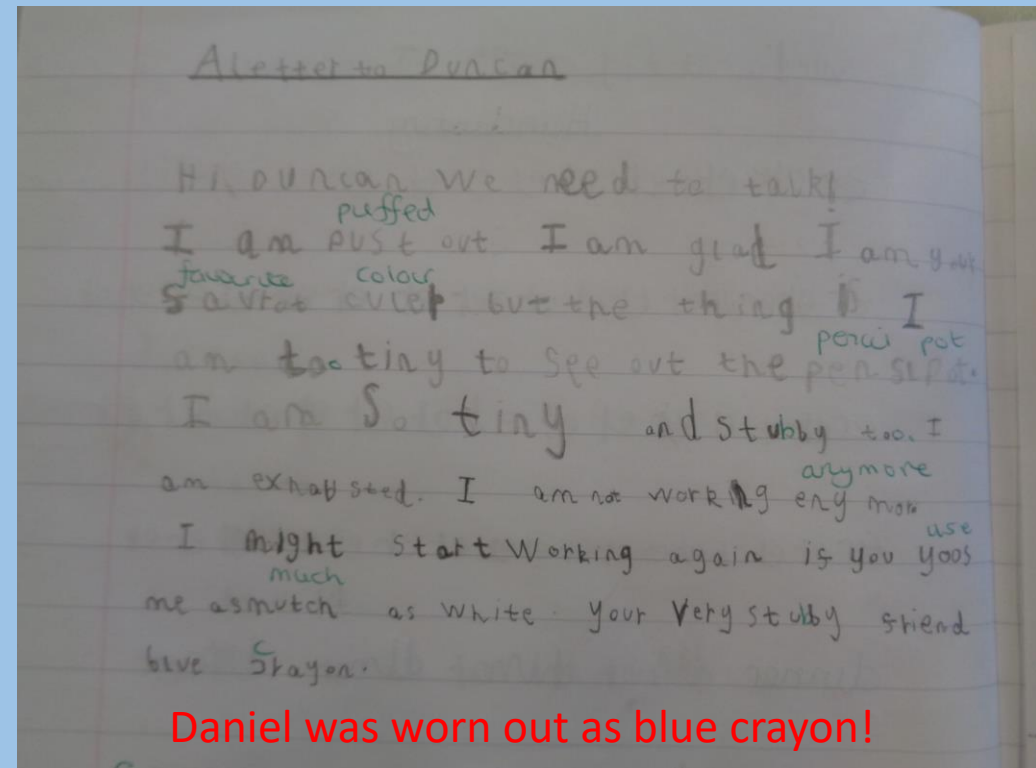

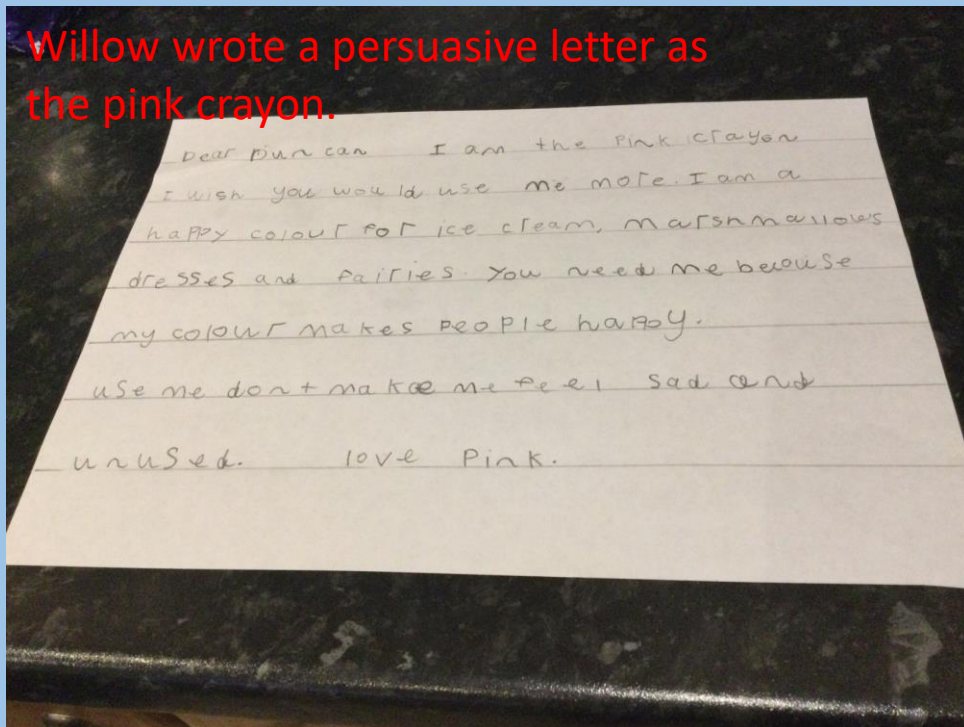

Anastasia drew a great portrait to accompany her facts.

## Literacy

In Literacy we have enjoyed reading, 'The Day the Crayons Quit'. We enjoyed the book and wrote letters as if we were one of Duncan's colours that had quit.

Willow wrote a persuasive letter as the pink crayon.

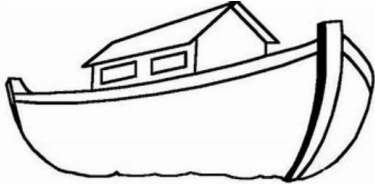

Daniel was worn out as blue crayon!

# RE

In RE we read the Bible story, Noah's Ark. We thought carefully about the things we would like to take with us in our Ark and explained our reasons why.

George thought of both, useful and thoughtful choices.

**Imagine you had an Ark, like Noah. What would you put into your Ark? Add your ideas to the text boxes, adding reasons for your choices.**

**Food and water to keep us hydrated and not to die of hunger.**

**My family to keep us safe.**

**TV so i can watch my programs.**

**My pets so i can play with them.**

# Science

In Science we have been investigating materials and their uses. Jake identified a range of different materials in his home and gave a detailed explanation about glass and its uses and properties.
