Re: Exciting New Project

I am delighted to confirm that our school will be working with OASES (Outdoor and Sustainability Education Specialists) to deliver a Food Durham Project called Connecting and Supporting Our Local Food Partnership Project in Schools over the Summer Term.

There will be two key elements to the project. Firstly, we will be developing an area at the back of the school into an allotment garden where members of the school and local community can access the garden.

Secondly, OASES (supported by Mrs McArdle) will be delivering a FREE after school club for families to join to develop the school gardens. Children must be accompanied by an adult and this can be parents, carers, grandparents, aunts and uncles – the more the merrier!

We are limited to 20 places (including adults and children) so if you are interested in taking part in this fantastic project please complete and return the attached form as soon as possible.

Yours sincerely

Mrs D Cross
