Re: Sensory Processing in children

Whilst working with an Occupational Therapist on Sensory Processing issues, I have found a website which gives excellent information, advice and support to parents/carers who think their child may have sensory processing challenges.

The link to the website is below if anyone is interested in finding out more about sensory issues in children.

Understanding sensory processing in your child [website](#)

If you think your child may have sensory processing challenges, please speak to their Class Teacher or myself for further information.

Yours sincerely
