Dear Parent/Carer

22nd May 2026

Re: Roof Replacement Update

Further to my letter in April, I am writing to let you know that work on the roof replacement is commencing during the May half term holiday.

Scaffolding will be erected around the front of the school building (along the line of classrooms) and work will commence this week starting above the Diamond Learning Zone and moving westward along the roofline.

The existing roof is not being removed. The new roof and insulation is being replaced on top of the existing structure. This will mean the minimum of disruption and noise below in the classrooms.

Due to the good weather forecast our contractors are hoping to push on over the course of the week but this is a full 6 week programme of works. There are no health and safety issues regarding access to classrooms but we will be moving classes to either the hall or to the After School Club room temporarily whilst work takes place above their learning zone. This is purely to avoid noise interference with teaching and learning.

We will not know which learning zones need to move until later in the week depending on how far the contractors get but this will be communicated via text to you.

Yours sincerely

Mrs D Cross
