Dear Parent/Carers

22nd July 2026

Re: Building Work in School over Summer

In addition to the work relating to the flooded area of school, we also have a number of other building projects taking place over the summer holidays.

The roof replacement above the learning zones is now complete and the scaffolding will now be moved to the rear of the school to allow access to roof 2&3 above the Pearl Learning Zone and old Sure Start sections of the school. This work will be complete by the end of August.

The final phase of the roof replacement scheme will take place in the summer holidays of 2027.

The glazed walls in the school hall and in the main entrance are being replaced over the summer. This project has recently been approved by the Trust at a cost of £50,000 which is being fully funded by the Trust.

Work begins on the window replacement week commencing 17th August and will be complete by the end of August.

There is a huge amount of work taking place over the next 6 weeks which we are very excited about and which will result in a much improved learning environment for our children.

Yours sincerely

Mrs D Cross
